

# UNOFFICIAL VOTERS PAMPHLET

## CANDIDATE FOR US REPRESENTATIVE, 3<sup>RD</sup> DISTRICT

**Occupation:** Customer Service Support

**Occupational Background:** Service industry

**Educational Background:** High School Diploma

**Prior Governmental Experience:** None

I'm a working class, service industry vet, grassroots candidate. I grew up struggling and raising myself. I know what it's like to live life as it is today. Living paycheck to paycheck and living the realities of what everyday people go through.

For 19 years I've worked in Customer Service. From Disneyland, breweries, restaurants and Customer Service Support at a tech company. I have been on the ground at the ICE facility and have been tear gassed with my community more times than I can count. I started a nationwide beer collab with around 80 beverage makers to raise funds for a non-profit aiming to end detention for immigrants.

I am fighting for:

- **America Can't Afford Billionaires**
- **Working Class Protections**
- **Civil Service Reform**

**Free Palestine. Abolish ICE. End citizens united.**
