# WORKING-CLASS CANDIDATE

I'm running because everyday people in District 3 deserve direct representation in Washington.

I live the realities too many politicians only talk about:

paycheck to paycheck, housing pressure, healthcare stress, and the daily cost of getting by.

## PRIORITIES

- \$25 federal minimum wage tied to inflation
- Paid family and sick leave for every worker
- Universal healthcare not tied to employment
- Labor protections for gig workers, domestic workers, and farmworkers
- Real constituent accountability through a community advisory table across the district

**NO CORPORATE PAC MONEY**  
**NO AIPAC MONEY**
